Scoring Divisions S1, S4 and V1: 1 point for each race won in the round robin races. Tied heats will not be counted and will be re-run immediately following the tie, to determine a winner of the heat. In the event of no winner after 5 heats, no points will be awarded to either team. Highest total points from the round robin will determine the seeding for the elimination. Final placement will be determined by adding the round robin placement to the elimination placement. The lowest point total will place 1st, 2nd, 3rd, etc.

Scoring Divisions S2 and S3: 1 point for each race won in the round robin races. Tied heats will not be counted and will be re-run immediately following the tie, to determine a winner of the heat. In the event of no winner after 5 heats, no points will be awarded to either team. Final placement will be determined by adding the round robin points. The highest point total will place 1st, 2nd, 3rd, etc.

Ties for Final Placement: Two way ties will be decided by the results of the head to head racing. If still tied, the fastest time from the head to head racing will be used. In the event that there is still a tie, the fastest time of the tournament will be used. Three way ties or more will be decided by the fastest time of the tournament.
